

Research Experiences for Teachers

Case Western Reserve University

PHYSICS AND PHYSICAL SCIENCE TEACHERS

June 22 – July 31, 2015

\$4,000 Stipend

The Leonard Gelfand STEM Center at Case Western Reserve University is teaming with the Department of Physics to offer a six-week research experience for a physics or physical science teacher with the potential of continuing the work through 2017. The selected teacher will work with CWRU faculty to develop curriculum based on an interdisciplinary research project that is aligned with Ohio and Next Generation Science Standards.

For More Information

Application deadline is June 5, 2015
